SEGA®

85061

To get to Menu Structure, press "Alt".

MAIN GAME MENU

Game Restart (Alt + F2): Restart the game at any time.

Pause (F3): Pause the game during gameplay. Press F3 again to unpause the game.

Book Keep: Look up the number of credits played, longest game, shortest game, and other game statistics.

Display Rankings: See the top 10 scores and initials in Virtua Squad 1 and Virtua Squad 2 mode.

Multiplayer Mode (F9): Go on patrol with a friend over IPX (LAN), TCP/IP, Modem, or Serial Link.

Exit (Alt + F4): Exit the game at any time.

Direct 3D - Virtua Squad 2 supports Direct Draw and Direct 3D. If you have certain high performance 3D accelerator cards, you will be able to select the Direct 3D version of Virtua Squad 2. See page 4 for current 3D card support information.

DEVICE

You will also be able to toggle the following Direct 3D Options (select D3D Options in the Settings Menu to toggle these options):

Billinear Filtering - makes the graphics even crisper and more detailed

Perspective Correction - fixes popping or warping of textures as views and angles change.

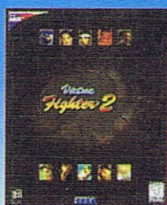

Alpha Blending - helps for semi-transparent objects.

Full Screen/Window Mode - choose to play in Full Screen Mode or in a Window.

Note: Some 3D cards will not work properly with Direct 3D. Please choose the Direct Draw version, try updating your video drivers, or refer to the troubleshooting section on page 28.

Direct Draw - use this display option if you have trouble with Direct 3D or do not have a 3D accelerator card.
